Legislative Counsel's Digest:

1 Existing law creates various crimes to protect the public health and safety of the
2 citizens of this State. (Chapter 202 of NRS)

3 This bill creates a new crime for unlawfully using or possessing an electronic
4 stun device. An electronic stun device is a device that is designed to disable a
5 person or animal temporarily or permanently in a certain manner. This bill prohibits
6 a person from using an electronic stun device except in self-defense. This bill
7 further prohibits certain persons from having an electronic stun device in their
8 possession or under their custody or control. These prohibitions do not apply to a
9 peace officer who uses the device within the scope of his public duties.

10 A person who commits one of those prohibited acts is guilty of a category B
11 felony.

12 This bill further prohibits a child from having an electronic stun device in his
13 possession or under his custody or control, unless the child uses the device within
14 his residence solely in self-defense. A child who violates this provision commits a
15 delinquent act and is subject to the jurisdiction of the juvenile court.
